**2005[55] BMW 730d SE Turbo-Diesel FaceLIFT 4 Door Saloon, 6 Speed Automatic.**

**3.0 Litre, In-Line\_6 Cylinder 24-Valve DOHC Turbo-DIESEL, 231BHP.** One Owner with F/BMW/S/H and with what can only be described as 13238 caring miles. This exquisite FaceLIFT model has been finished in rare and unmarked Barbera Red Metallic with unique and unblemished Cream-Beige NASCA Leather interior. There is no other car that can impress more in combining sporty comfort with luxury than the 730d Turbo SE FaceLIFT. She has been draped with so many tasteful design enhancement features that it would easily fill a sizeable novel. The 7 Series is the flagship luxury saloon in the BMW range. As such it rivals models such as the Mercedes-BENZ' S-Class, Audi A8, and of course the unassuming VW Phaeton. In this country, the 730d is BMW's biggest seller, accounting for almost 60% of its sales. It is a similar story with the Mercedes S-Class and the Audi A8. The modern Diesel is now the undisputed king for powering the luxury cars as well as the Le Mans race circuit. The performance potential of this turbo-charged 3.0 litre Straight-in-line 6 cylinder 24valve diesel power plant will induce sweat into the most able A8 3.0TDi and/or the S320-CDi driver. It packs such a bracing punch with its 231BHP @ 4000rpm by courtesy of its staggeringly fierce a la 520Nm torque that it gives her an exhilarating pace that is simply breathtaking. She is smooth and plush, and the ride and handling faithfully combines cossetting comfort with decent feedback and control. That is quite a feat in such a big car. She may be grand, but she shrinks around you, hugging you and making you feel as if you are driving a sporty 3 Series. This six-cylinder cracker with a burble that is truly addictive results in an impressive 0-60mph that growls her way as soon as you hit pass the firewall in just 7.5 seconds with a top speed reaching 149mph. Now for a car that is well over two tons in weight that is impressively agile performance. Furthermore, this hugely capable and talented all-rounder, particularly in this DIESEL guise is arguably the best diesel luxury car today also provides you with an excellent all round fuel economy of just under 35mpg. Combine this with BMW's legendary rear wheel drive, the matching sportiness of the electronically controlled dampers, the new facelift's modern body construction and an elegant interior with its teak and satin stainless décor and go and add to that ergonomically designed plush seats in beautiful cream-beige soft NASCA leather and you have in this 730d, a car that is setting the highest standards in performance, luxury and driving excellence. When you then are comfortably settled behind her new design, re-shaped steering wheel with her plethora of buttons you cannot help but imagine you are about to pilot a 747 with enough on-board computing power to help you take-off graciously. With a myriad of manufactured extras so skilfully placed around the dashboard and centre console all desirably generating confidence instead of rivalry, sensation instead of sensationalising. These are the attributes make BMW's 730d, the true luxury performance saloon of the 21<sup>st</sup> century. An incredible car with an unbeatable value. That is the ingenious of Munich in living form, which is what makes an everyday reality of this the Ultimate Driving Machine. Why not participate in this incredible driving experience daily, and become part of BMW's luxury world today. Do not miss this unique opportunity of experiencing and owning this stupendous driving machine. A car conceived and built for the special in YOU! *[The incredibly extensive Options and Features list for this particular car is so fully detailed that it will not fit on this one page but can easily be retrieved by simply clicking the [Options & Features](#) button below. Enjoy!]*
